

Recurrent Implantation Failure (RIF) - From Mechanisms to Management

📍 Grande Centre Point
Lumphini Bangkok,
Bangkok, Thailand

📅 Friday - Saturday,
16 - 17 Oct 2026

WELCOME MESSAGE

Welcome to the 15th ASPIRE Masterclass in Bangkok

On behalf of the Local Organizing Committee, it is a great honor to welcome you to Bangkok for the 15th ASPIRE Masterclass, focusing on "Recurrent Implantation Failure (RIF) – From Mechanisms to Management."

RIF remains one of the most challenging frontiers in reproductive medicine, demanding a sophisticated balance between cutting-edge science and compassionate clinical care. This year, we have gathered leading international experts and dedicated practitioners to bridge the gap between biological mechanisms and effective patient management. Our goal is to foster a collaborative environment where evidence-based strategies and innovative technologies can be discussed to improve outcomes for patients worldwide.

Warmest regards,
Somjate Maniplaviratn, MD.

Beyond the intensive scientific program, we hope you take the time to experience the vibrant spirit of Bangkok. From the serene majesty of our historic temples to the dynamic energy of our modern cityscape, the "City of Angels" offers a unique backdrop for professional networking and cultural discovery.

We are delighted to have you join us for these two days of profound academic exchange. May this masterclass be an inspiring and productive experience for all.

*The Local Organizing Chair,
15th ASPIRE Masterclass*

Dear Colleagues and Experts,

Welcome to the 15th ASPIRE Masterclass in Bangkok

On behalf of the ASPIRE SIG on Endometrium and Implantation, it is a great honor to welcome you to Bangkok for the 15th ASPIRE Masterclass "Recurrent Implantation Failure (RIF) – from Mechanisms to Management.", taking place on 16-17 October 2026.

Warmest regards,
Hong-Yuan Huang, MD.

Recurrent implantation failure remains one of the most challenging frontiers in reproductive medicine. It demands not only high precision in translational medicine but also a nuanced equilibrium between cutting-edge medical expertise and clinical judgment. By ensuring ethically sound medical practices and bridging the gap between biological mechanisms and effective patient management, we strive to improve outcomes for patients worldwide.

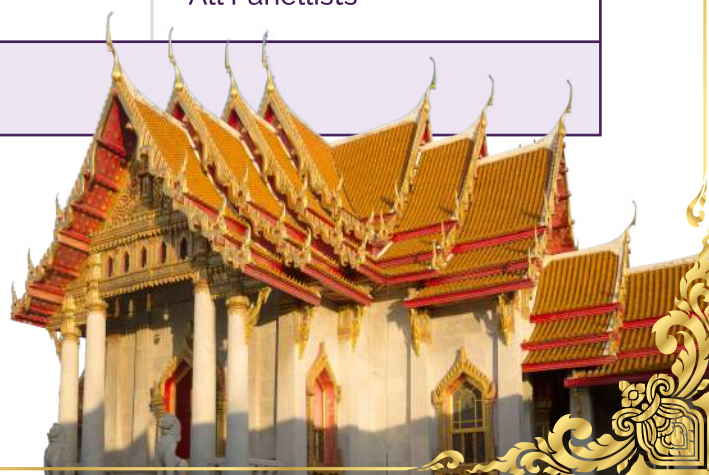

We are delighted to join you all in this enriching academic exchange over these two days. We hope this masterclass will inspire all our colleagues and yield impactful professional results.

*The Chair of ASPIRE SIG on Endometrium and Implantation
15th ASPIRE Masterclass*
